

Select Therapy Pricing Structure (2023)- Virtual Support

This information sheet provides an example of how a therapy session or assessment may be broken down. Sessions will vary depending on the individual needs of the child at that point in time. Virtual support is only appropriate for some children. All children must be accompanied by an adult throughout the session.

Please note that an initial assessment will typically cover a range of areas e.g. attention and listening, language and speech. The below options demonstrate the primary focus of the assessment only. Please do not hesitate to get in touch should you have any questions.

Therapy

Therapy session £60

- 15- 30 minutes preparation
- **45 minutes** direct time with the child
- 15 minutes post therapy discussion with parent/carer
- 10 minutes record keeping
