

Select Therapy Pricing Structure (2023)

This information sheet provides an example of how a therapy session or assessment may be broken down. Sessions will vary depending on the individual needs of the child at that point in time. Please note that an initial assessment will typically cover a range of areas e.g. attention and listening, language and speech. The below options demonstrate the primary focus of the assessment only.

A separate information sheet is available for virtual therapy options, should this be appropriate for your child. Please do not hesitate to get in touch should you have any questions.
